

# THE INSIDE STORY

## **Promoting Region during European Trip**

In January 2008, Allegheny County Executive Dan Onorato traveled to three cities in two European countries to promote our region to the international business market. Onorato joined the Pittsburgh Regional Alliance (PRA), an affiliate of the Allegheny Conference on Community Development, from January 24 through 30 for a business mission beginning in Barcelona and ending in Amsterdam.

In addition to business roundtables and meetings with European business leaders, Onorato also met with officials from Amsterdam's Schiphol International Airport, one of the busiest airports in the world, to exchange ideas on airport-related economic development.
